FOURTEENTH YEAR

CAMPBELL, SANTA CLARA CO., CAL., FRIDAY, MAY 14, 1909

No. 44

Local Items of Interest

Happenings in and Around Campbell During the Past Week.

Monday evening the local lodge of the F. and A. M. held their monthly business meeting.

Rev. Geo. Atkinson, pastor of the Congregational Church, was called to Capatola where his mother is sick. He will remain there a few weeks.

Morning Light Lodge of the I. O. O. F. has sent Mr. Arthur Robinson as its delegate to the meeting of the Grand Lodge of California I. O. O. F.

Mr. and Mrs. A. P. Merrill have returned home from their visit to Montana and Minnesota.

Prof. E. Janes is entertaining his daughter, Mrs. A. M. Lopez and daughter of Monterey County.

Saturday evening the Fraternal Aid held a regular meeting.

Miss Lewis entertained her sister Mrs. Isham of San Francisco Sunday.

Harry Weeks, son of Mr. Elmer Weeks, of Campbell, gave up his position in the mountains because the cook got lazy and has gone to the southern part of the county to work.

Methodist Church, Sunday, May 16th.

The Revival meetings at the Methodist Church led by Evangelist Billy Williams will have the following program.

Friday May 14, 3:30 p. m. Boys' and Girls meeting. Subject "Light" 7:30 p. m. "From Rags to Robes."

Sunday May 16, 11 a. m. "Doubting Thomas." 12:30 talk to Sunday School, "Bringing the Youngest to Jesus." 3 p. m. men only, "Social Purity, the White life for Two." 3 p. m. in the Congregational Church, Mrs. Williams, the wife of the Evangelist, will tell of her conversion and experiences in Sweden, for women and children. 6:30 p. m. Mrs. Williams will lead the Epworth League. 7:30 p. m. "The Farewell Sermon."

Monday, May 17, 7:30 p. m. "The Last Romp with the Tiger." This is the tragedy of the life of the Evangelist. Sam Jones named it. Mr. Williams has now told this story 2162 times. Silver offering taken this night.

High School

Special to the "Press."

The Sophomors' program last Friday afternoon was a great success and was very much appreciated by the rest of the students.

The baseball suits, which were ordered some time ago, have at last arrived, much to the joy of the boys. They wish to thank the business men who contributed toward them for their support.

This Junior class will hold a bonfire party at Cynthia Beninger's home on the Los Gatos road, Friday evening.

The 6th period of the school year commenced Monday.

The Juniors are planning their reception to the Seniors.

Mr. Bassett of Stanford, who was scheduled to present Julius Caesar at the High School last Friday night will do so Friday evening the 21st of May.

The girls are practicing up hard at their Basket Ball, so that they can make the other teams hustle.

The Senior class left here for Mt. Hamilton last Saturday morning at 2 o'clock. They surely got an early start. They arrived at Smith's Creek at 10:30 a. m. and after pitching camp there, walked the balance of the way, up the Bridle Path to the observatory. While there they obtained good views of three stars, but by the time the moon came up it had gotten too foggy to see through the telescope. There were thirteen in the party, and notwithstanding the unlucky number, no bad luck was encountered. The girls and the chaperon occupied the tent, and the boys rolled up in their blankets and slept on the ground. They returned Monday afternoon at 3 p. m. tired but happy.

Those who went are Misses Gerna McCary, Lois Bohnett, Beulah Crow, Anna Polac, Velma and Elva Hoeler, Mrs. Hoeler as chaperon, Messrs. Bert Bell, Roy Archibald, Gus Lancaster, Frank Nelson, Mills Waterhouse and Mr. Lenz the driver.

The University of Idaho cadet band of forty pieces will play at the Alaska-Yukon-Pacific Exposition this summer. The Idaho legislature has passed an appropriation allowing the battalion to go into encamp at the exposition immediately after the end of the University year. The band will accompany this battalion.

Timber Importations

Japan Sends Species of White Oak Here for Railroad Ties.

San Francisco, May 13—The growing scarcity of American timber suitable for railroad ties has induced one of the largest Japanese importing companies to introduce Japanese white oak as a desirable foreign species to take the place of the American oak, for railroad purposes. Several of the western roads have already purchased a large quantity of the Japanese white oak to be used in replacing worn out ties along their rights of way.

The increasing cost of all railroad ties has naturally led the railroad people to desire to prolong the life of the species of wood used, by preservative methods, and only recently an application was made to the United States Forest Service to conduct experiments at their Berkeley testing station to determine the value and life of the Japanese oak timber when properly treated.

This application brought up the interesting point as to whether or not the Forest Service would be allowed to undertake experiments with foreign species of timber, inasmuch as the act under which these experiments are carried on specifically requires that only American grown timbers shall be treated. The Forest Service has found it necessary, owing to pressure of other work, to decline to undertake this experiment, and therefore this point was not considered. It is estimated that there is a large supply of this white oak in Japan and should its use for railroad purposes prove satisfactory, it is probable that a large market will be created for it in this country.

The Michigan building at the Alaska-Yukon Pacific Exposition will be the only state structure at the exhibition opening at Seattle June 1, financed locally. The money to defray the expense of building and entertainment was raised by subscription in Seattle. A large part of the lumber used in the construction of the building was donated by Seattle lumber companies, the officers of which are former residents of Michigan.

Cherries are nearly ripe bi-gosh. Gee, wait 'till "we" get hold of some.

B. O. Curry's Real Estate Agency of Campbell, Cal.

has been established here for the past 15 years, and its business grown up with the town and the fine orchard district of which it seems a part. Its success is based on honest and fair dealings. This agency has been a great aid to homeseekers and a potent in the upbuilding of this part of the Santa Clara Valley. The buyer and seller alike will be well served by B. O. Curry's experience, tact and energy. Reliable information and price list forwarded to homeseekers. Insurance and Notary Public. Office Phone, Red 35. Residence Phone, Farmers 185. Campbell, Cal.

B. O. Curry

Special Prices in Steel and Cast Iron Ranges.

Now is the time to buy. See our Gasoline Stoves, the DETROIT, INSURANCE, QUICK LUNCH and others. Let us show you how to cut your fuel bill in two.

C. H. Whitman
Hardware and Plumbing

New Fresh Coods

Prompt and courteous service. We appreciate your patronage and shall strive to please you. We pay either cash or trade for your butter and eggs. And don't forget our 2-2 per cent discount tickets. Call for them.

Campbell Rochdale Co.

Vineland

Special to the "Press"

Mr. and Mrs. Ringe were in San Francisco a few days last week.

The Pendetta Circle had its regular meeting at the home of Mrs. Savage last Tuesday afternoon. The subject for study for a few weeks will be Immigration.

Mr. and Mrs. May have returned to their home on Hazel Ave. after spending the winter in San Jose.

Little Katherine Wood has been very ill with pneumonia at her home on McCoy Avenue but at last report is improving.

Hold Annual Meeting

Campbell Fruit Growers Union Elects Its Officers.

The annual meeting of the Campbell Fruit Growers' Union was held at the Drying establishment Wednesday afternoon. Much business of importance, including the election of officers for the coming year took place.

The reports of the directors showed a very creditable return considering the bad year just past. After finishing the old business, the election of officers was held. S. R. Wade was elected President, P. W. Keith, Vice Pres.; S. G. Rodeck Sec.; The Bank of Campbell, Treas. The above men and C. H. Whitman and R. K. Thomas are the Board of Directors.

The Directors were given full authority about leasing the drying plant to some private individual, leaving the privileges now in the hands of the stockholders, so that they could dry their fruit the same as in the past. The reports of last year's business are not complete yet and so will be published later.

The group of United States government buildings at the Alaska-Yukon-Pacific Exposition will stand complete May 1. The structure to house the display from the Philippines is ready and the Alaska and Hawaiian buildings are fast nearing completion. The central exhibit palace is one of the most handsome buildings ever erected on exposition grounds by Uncle Sam.

Rural Free Delivery

Letter to Postmasters Regarding Position of Boxes.

The Postmaster,

In order to expedite the delivery, collection and dispatch of rural mail, enable rural carriers to cover their routes with celerity, and give the earliest possible service to patrons residing on the far ends of routes, the department will insist that all rural mail boxes be so located as to be served with the greatest expedition.

You are, therefore, directed to require each rural carrier at your office to submit to you without delay for transmission to the Department the names of all patrons whose boxes cannot be served without leaving the road, dismounting, driving into deep ditches or on steep inclines, or on or across railroad tracks involving danger, or the approaches to whose boxes are obstructed. It is not required that boxes shall be erected beside the wheel tracks, nor in any particular corner of the crossroads; but they must be erected within the confines of the road and accessible, on any corner.

It is not desirable that boxes be attached to telegraph, telephone, or electric-light poles, or to fences or buildings, but boxes should be securely fastened to neat and strong posts firmly set at the side of the roads, at a sufficient height to be served by carriers without rising from their seats or reaching through wheel spokes.

After boxes have been properly relocated, and it is practicable to curtail carriers' schedules, postmasters will advise this office, so that changes in schedules may be considered.

When roads are in bad condition postmasters are directed to make report thereof to the Department, and to the proper local road officials and co-operate with them and patrons to the fullest extent, consistent with position and duty, to secure the improvement of the roads. The manifestation of interest and properly conducted efforts by postmasters in the good-roads question will in many instances be productive of excellent results.

FROM OUR EXCHANGES

Say, Bro. Smith, where'd you ever see my name, H. Merle Adams, I'd like to know. I never will be able to teach you folks how to spell my name.

Hathaway of Palo Alto says, "To-day is the big doings at Los Gatos. The president of the Santa Clara County Editorial Association found it absolutely impossible to be in attendance. Wonder if the other fellows will get at it and fire 'us' off the job!" We never saw that until just now. So it was a prearranged defaultation, eh?

Speaking about Smith tapping a keg of ink in honor of the editors on May Day the Realty man, Bamber, says: "Hard drinkers would turn black in the face if asked to face a keg of ink but as brother Smith is a prohibitionist, nothing he sends out astonishes us."

Now cometh the prune man with a hue and a cry that the fruit is falling off. By September he will have a tale of woe about the market being glutted. S. C. J.

Farmers' Union.

The Farmers' Educational and Co-operative Association has been receiving some pretty hard knocks lately and W. W. Welch, state Organizer of the Farmers' Union next Saturday at San Jose, will demonstrate the business methods of the Union.

To us it seems that the Union will accomplish more if they do not treat their association as a secret organization, for as long as they do so, people will be suspicious of them and the Union will suffer from it. Open methods are best.

ARRIVAL AND DEPARTURE OF MAILS

MAILS CLOSE AT CAMPBELL.

5:30 a. m.
10:30 a. m., Los Gatos, Alma, Wrights.
2:45 p. m.
4:10 p. m.
6:30 p. m., Los Gatos, Alma, Wrights.

MAILS ARRIVE AT OFFICE.

6:00 a. m., Los Gatos, Alma, Wrights.
9:35 a. m.
10:50 a. m.
3:15 p. m., Los Gatos, Alma, Wrights.
5:35 p. m.
7:50 p. m.

The early mail comes in at 7 a. m. Will alter schedule next week.

REAL ESTATE

8.92 acres, 4 acres in 'cots and prunes, with very heavy crop. Balance in hay. Vacant land very fine for alfalfa or vegetables. Large house, 1 barn. Good artesian well, located near car line. Price \$3100. See E. R. Kennedy.

A neat residence, good location, 5 rooms and a bath. Lot 60x120, price \$1200. Consult Kennedy. He will find you a buyer.

NEWS OF WEEK FROM ALL THE COAST STATES

Occurrences Along the Pacific Slope Presented in Com- pendious Array.

Tillamook.—Adolph Nordstrom was sentenced to death for the murder of John Peterson February 28th, and the prisoner is to be hanged June 18th at Salem.

Sacramento.—State Engineer Elery has appointed William D. Coates Jr. of Sacramento to succeed George C. Sellen as State architect. The place carries with it a salary of \$4,800 a year.

Watsonville.—Love at first sight is not confined to youth, judging by the swift course of a romance that culminated with the marriage of Emma Higbee, aged 60, and David J. Kemp, aged 72, the couple having accomplished their whole courtship, from introduction to house keeping, in less than twenty-four hours.

Seattle, Wash.—President J. E. Chilberg of the Alaska-Yukon-Pacific Exposition has sent out letters to all Western Governors and members of Congress inviting them to come to Seattle this summer to attend a conference planned to bring about an agreement for concerted action in all legislative matters affecting the Far West.

Oroville.—The City Council has turned down the petition of several churches asking that there be no Fourth of July celebration held here Sunday, July 4th. The Council upholds the committee in charge of the celebration, but it is declared the only things scheduled for Sunday are a sacred concert and the fireworks display at night.

San Bernardino.—Conductor W. W. Sandilidge was killed and brakeman H. M. Barber seriously injured by being thrown from a flat car that dashed down the mountain side on the Santa Fe road at McConico. The car was derailed at McConico in order to stop it, and when it hit the switch Sandilidge was thrown off, his head striking the rails.

Seattle, Wash.—Ortis Hamilton, former Adjutant General of the State of Washington, was arrested last week in Olympia at the instance of Governor E. M. Hay, charged with embezzlement and forgery. Hamilton is alleged to have stolen \$50,000 from the State military fund. He is supposed to have spent the money on a young woman he was infatuated with.

Seattle.—With his clothes on fire and his body terribly burned, Richard Nash, associate editor of the Rainier Valley Record at Columbia, a suburb of Seattle, rushed to the front of the shop, where he fell exhausted. A gasoline tank in the rear had exploded before the unfortunate man had time to escape. He died later. Nash is survived by a wife and six children, the eldest of whom is 16.

Vancouver, B. C.—Westley, a little lumber town thirty miles west of Nelson, was practically wiped out by fire several days ago. The loss included the Yale Columbia Company's mill, all the lumber in the vicinity, all the residences and the other buildings in the place, except the company's office and the cook house. Loss \$100,000. The mill was one of the best in the interior, sixty men being employed.

San Francisco.—About forty suits were filed last week on behalf of the Treasurer of the city, claiming a disclosure of the value of property alleged to have been conveyed by dying persons in contemplation of death. The law states that property deeded in expectation of death, if the conveyance is not to take effect until after death, is subject to inheritance tax. The tax may be made a lien on the property. Hartley Peart is the attorney for the Treasurer.

Los Angeles.—Frank Holborow, holder of the Southern California amateur swimming records for 50 and 100 yards, was expelled from the Amateur Athletic Union at a meeting of the registration committee. Holborow was declared a professional on the ground that he had made application for a position as life guard, after once having been suspended for receiving money for services as such. He will be ineligible to compete in the Pacific Coast championships to be held in the south on July 4th.

BRINGS IN REVENUE FOR THE SUPPORT OF SCHOOLS

Six Millions of State Land Fund Now Out at Good Interest.

Sacramento.—The State's school land fund has been reduced to \$50,000 through loans made in cities, counties and school districts. The State now has out on interest \$6,300,000, drawing 4½ per cent, yielding \$270,000 per annum for use in supporting the public school system. Had the plan now in vogue for selling school lands been in force from the start this fund would have been many times larger, as most of the State's school lands have been sold at \$1.25 per acre, or one-half to one-third what it brings under the new system.

The deceased persons' fund will soon be available for investment for school purposes. It amounts now to \$200,000. The State cannot use this money until twenty years after estates have been distributed, but can put it on interest.

Good Food for School Children.

Pasadena.—Because the Board of Education has long felt that ice cream cornucopias and hot tamales are not an ideal luncheon for students, a novel institution is being officially established in the high school. It is a well-equipped cafeteria. While in the nature of an experiment, the board announces that it will be conducted a year, if necessary, to prove or disprove its feasibility, and the members feel confident it can be made to pay expenses, which is all that is expected. It is not to be allowed to develop into a money-making proposition. Constantly improved service is the aim.

Rockefeller's Rainbow Lake.

New York.—John D. Rockefeller has a rainbow lake. This is one of the unusual features of his new mansion on the hill. The lake is situated on the west side of his stone castle, and it is so paved with colored stones that the fountain which plays from the center of it throws out a mist which shows rainbows at every point of view. This is one of the unique features planned by Rockefeller, and he expects to take much pleasure in viewing the thousands of rainbows which will be visible every day.

Will Go to Prison for Peonage.

Pensacola, Fla.—Manager W. S. Harlan of the Jackson Lumber Company of Lockhart, Ala.; Robert Gallagher, assistant superintendent, and three of the company's foremen will have to serve terms in the Atlanta Federal Prison, to which they were sentenced three years ago on the charge of conspiracy to commit peonage. The United States Supreme Court last week denied a writ of certiorari in the case.

Growing Population of Alameda.

Alameda.—The population of this city is about 26,000, according to the figures of the census marshal, who has just completed the work of taking the number of children in Alameda schools, and who was also instructed to take the census of the entire population. The census marshal's figures show the number of school census children to be 4823, an increase of 34 over the figures of last year.

High Gas Rate in Palo Alto.

Palo Alto.—Gas will cost consumers in this city \$1.50 per 1,000 feet, the City Council having fixed that as the minimum price. The rate corresponds with that the corporation is now exacting, except that the ordinance prohibits a \$2 penalty which the company has been imposing if the bills were not met by delinquent householders before the 10th of each month.

Bicycle Rider Killed.

Stanford University.—As a result of a headon collision between two cyclists on a campus thoroughfare, Dean W. Park of Palo Alto, a well known engineer was almost instantly killed, while L. E. Gurell, a prominent junior student of this university, was unconscious for three hours. The jury's verdict declared Park's death accidental.

Senator Stewart's Small Estate.

Washington.—The will of former United States Senator William M. Stewart of Nevada discloses that he owned no real estate and his personal property did not exceed \$1500 in value. This amount is devised to his widow. Mr. Stewart's debts are said to aggregate \$25,000.

Will Discourage Speeding.

Santa Barbara.—The Santa Barbara Automobile Club has adopted resolutions condemning the use of public roads for speeding purposes, and will take steps to discourage the practice in this county.

Lemon Growers and Sugar Men Want Tariff Retained

Washington, D. C.—The California lemon men saw President Taft a few days ago and came away from the White House feeling that their cause was won. Senator Flint, Congressman Smith, State Senator Wright and Messrs. Call, Woodford, Teague, Lindley and Charters were of the party. It was asserted that with an increase in duty of 1 cent to 1½ cents per pound lemons would be cheaper than they are now because it would be possible to distribute the crop over a greater extent of country and equalize prices.

At present, it was stated, many lemons rot in the groves because they can not be got to market at a time when prices justify shipping them. California supplies 40 per cent of the country's demand, and Sicily 60 per cent. When Sicily lemons can be got to the New York market they keep

California lemons out, and at such times California markets much of its fruit at a loss.

President Taft said he was not paying attention to particular schedules, but that they had made out a strong case for the retention of the Senate duty.

Colorado Springs, Colo.—Organized opposition to any reduction in the duty on sugar is the object of the movement started here by beet growers, sugar factory men and business men of this city and Southern Colorado. A petition addressed to Senators Gugenheim and Hughes has been prepared and is being circulated throughout the State. It sets forth that beet-growing and the manufacture of sugar is one of the leading industries of the State, and "any change in the tariff tending to cripple this industry would very seriously cripple its prosperity."

Powers May Yet Take a Hand in Turkish Situation

Constantinople.—The commission which is taking an inventory of the property at the Imperial palace at Yildiz has, it is stated, discovered bank notes to the value of \$2,250,000, and a large quantity of jewelry. Papers seized at the palace show that Abdul Hamid had something over \$5,000,000 on deposit at a foreign bank.

Vienna.—The Bank of England, which holds the largest portion of Abdul Hamid's wealth, refuses point blank to deliver up the former Sultan's cash at the demand of the Young Turks committee. French, German and Italian banks have likewise refused.

Meanwhile the committee is trying every possible means to coerce Abdul Hamid into signing checks in their favor for all his money, but this procedure is already attracting the attention of the powers.

It is well known that the Emperor of Russia, the Kings of Italy and Greece and other monarchs have placed large sums in the Bank of England in order to secure deposits outside their own countries with a view of possible contingencies. That such sums should be escheated at a moment when the misfortune against which it was intended to provide should come, affords a very unfortunate precedent.

Decides That Japanese Cannot Become American Citizens

Norfolk, Va.—Federal Judge Edmund Waddill Jr. of the United States Court for the Eastern district of Virginia, in the application for naturalization of Nanyo Bessho, a Japanese, "chief steward" in the United States Navy, denied the petition, holding that under the Federal statute no Japanese or alien except of white blood or of African descent or nativity can become an American citizen, even though he has seen service in the United States Navy or marine corps.

Bessho claimed the right of naturalization under the act of Congress of July 26, 1894, giving an alien of the

age of 21 years and upward, who has served honorably in the Navy or marine corps, the right of citizenship, after a proper court form.

District Attorney Robert H. Talley, appearing for the Government, resisted this, holding that under section 2169 of the Federal Statutes, as amended in 1875, only "free white persons" and "aliens of African descent" are entitled to naturalization. Judge Waddill sustaining this, ruled that the act of 1894 could not repeal by implication the statute of 1875 and that there are no direct terms of appeal. Bessho is preparing an appeal.

New Orleans Pays High Price For California Cherries

New Orleans, La.—The first shipment of California cherries was received here last week, and as a result hundreds of street-corner fruit stands displayed the luscious fruit for the first time this season. The first arrival of California cherries is almost an annual event in this city. On Poydras street, among the wholesale produce men, the cherry business opened with a rush. "We sold cherries at \$3.50 to \$3.75 per box," said one of the leading commission merchants. The scarcity of the fruit is very marked as yet, but local dealers are expecting the usual supply. Daily

shipments are expected from the California dealers from now on.

Sacramento.—According to the California Fruit Distributors' Association of this city, the crop of peaches for the June season will be one of the most successful of several years. Reports from all the different growers of this vicinity indicate that it will not only be heavy, but that the fruit will be exceptionally fine. Many of the fruit driers will sun the peaches this summer in preference to apricots, as they will be light, and the market now is so crowded with the last year's results that it is not profitable.

Says His Prayers While Falling From Third Story

San Francisco.—Herman Ribe, a structural steel worker who lives at 2771 Bryant street, found time to say his prayers while falling through the air from the third story to the basement of a building in the course of construction at the corner of Kearny and California streets.

He was taken to the Harbor Hospital, where it was found that his left arm, shoulders and left leg had been badly bruised. His back was sprained

and he suffered slight internal injuries.

At the hospital he said that his mind was perfectly clear during his swift flight through the air. He found time, he said, to say a prayer and to take notice of an iron bar that he passed en route.

"When I saw the bar," he said, "I said to myself, 'you'll have to look out for your head.' I threw back my head and put my arms around it. Then I went to sleep."

WALKS EIGHT HUNDRED MILES FOR CONVENTION

Civil War Veteran Foots it From Port- land to Salt Lake for Reunion.

Salt Lake City, Utah.—Weary and footsore from an 800-mile journey on foot, Daniel Eisenhower, a veteran of the Civil War and a resident of Portland, Ore., walked into the police station here and asked for food and shelter. Eisenhower, 72 years of age, started out on his long journey overland for Salt Lake February 23d, and has made the trip in a little over two months. With the exception of about 100 miles, he said, he walked the distance.

"I wanted to attend the Grand Army encampment in Salt Lake this summer," said the old soldier, "but as I could not afford to pay my way I started to make the journey on foot."

He will be a guest of the City Prison officers until his pension arrives from Washington.

Lord Sholto Douglas Acquitted.

Vancouver, B. C.—Lord Sholto Douglas, son of the late Marquis of Queensberry, was acquitted of a charge of attempted murder. Last November Lord Sholto returned to his ranch-house in Kootenay, to find that his wife had been annoyed during his absence by a rancher named Rowland, whom he had previously warned from his premises. Rowland was in Lord Sholto's house on his arrival and refused to leave. Lord Sholto fired a load of buckshot into Rowland's neck. He was released on bail. The Grand Jury last week brought in a finding of no bill in his case.

Air Ship Line in Germany.

Stuttgart.—At a meeting of the Wurtemberg Aerial Navy League, a representative of Count Zeppelin declared the company formed in connection with the Zeppelin Airship Construction Company had undertaken to build a regular line of airships from Lucerne or Friedrichshafen to North German, via Frankfurt-on-the-Main. The actual route to be adopted will depend upon the offers of landing places made by cities on the line. It is hoped to open the line for traffic next year.

Miner Crushed to Death.

Redding.—As Isaac Lundin, a timberman, was climbing an upraise in the Bully Hill mine at Delamar a mass of rock caved upon him and knocked him to the bottom of the upraise. One leg was broken, his spine was injured and his body badly bruised. He died a few hours after reaching the hospital. Lundin was a Finn, aged 40 years, and had worked in various mines in Shasta county for the last ten years.

Saloons Will Fight New Law.

Menlo Park.—Menlo Park's saloonmen have decided to fight the anti-liquor law passed by the last State Legislature in favor of Stanford university to the bitter finish. Every saloon within the restricted area has agreed to keep open after the law goes into effect July 1, and of the arrests made one case will be selected for the purpose of a test by the lawyers for the saloonmen's association.

Choynski May Meet Black.

Memphis, Tenn.—Joe Choynski, the veteran heavyweight, will return to the ring before a local club. Two men will be picked to meet him in an eight-round split, the announcement being that if Choynski can stand training a meeting with Jack Johnson may be arranged. Choynski and Jackson met in Galveston in 1901, the former winning in three rounds.

"Joaquin" is Not Poet's Name.

Oakland.—Joaquin Miller, poet of the Sierras, announced in Judge Murphy's court a few days ago that "Joaquin" was an assumed name and that all of his business was transacted under the name of C. H. Miller. The poet, who was a witness in a criminal case, was accordingly entered on the books by Clerk Wuthe as "C. H. Miller, alias Joaquin."

Trouble Stirring in Central America.

Panama.—The situation in Central America appears to be getting more complicated every day, judging from the news that comes slowly into Panama. Travelers say Nicaragua in spite of the vigilance of the American warships is trying to invade Salvador by way of Honduras.

No Racing in Arkansas.

Little Rock.—In the face of the lobby and a gallery packed with citizens of Hot Springs, the house refused to take up the Wadley bill, providing for the re-establishment of racing at Hot Springs.

PITHY RESUME OF EVENTS OF ENTIRE WORLD

Brief Paragraphs That Give Busy Readers Review of Week's Happenings.

Summary of News Gathered by Cor- respondents Located in Every Quarter of the Globe.

Washington.—Senators Perkins and Smoot were among the guests of President and Mrs. Taft at a state dinner at the White House a few evenings ago.

Washington.—Evans and other retired Admirals on active duty are to be replaced as soon as possible by active officers. Taft has given the necessary orders.

Cleveland.—E. H. Harriman was elected a director of the Lake Shore and Michigan Southern Railroad Company at the annual meeting of the stockholders here recently.

New Martinsville, W. Va.—Judge H. H. Willis, in delivering a charge to the Grand Jury instructed them to indict all church societies and church workers who obtain money through the medium of raffles.

Victoria.—News was brought by the Marama of mining excitement over rich gold and copper lode mines discovered in the Fiji group, where a number of mining engineers were awaiting the issuance of a proclamation opening the mining rights.

Philadelphia.—Sunol 2:08½, the former queen of the trotting turf, died last week at Newton Square, Pa., where she was on a breeding farm. Sunol was foaled in 1886 at the Palo Alto (Cal.) Stock Farm of Senator Leland Stanford, her sire being Electioneer.

Washington.—Amelie D. Reed of Sparta, Wis., adopted daughter of the late Joseph W. Babcock, former Representative in Congress from Wisconsin, was left only \$1 of his estate under his will filed for probate recently. A niece is left \$5,000 and a niece of his wife a similar amount.

Chicago.—The arrival of immigrants at the port of New York continues to increase steadily. For the first three months of the current year the Immigrant Bureau of the Western Passenger Association handled at that point 199,554 immigrants, as compared with 55,992 for the corresponding period last year.

Washington.—Governor General Smith, who is coming home on leave of absence, will not return to Manila in that capacity. This was recently announced at the War Department, and the general expectation has been, although without official confirmation, that Vice-Governor Cameron Forbes would be appointed to succeed General Smith.

Paris.—Princess Robert de Broglie, who was a Miss Estelle Alexander of San Francisco, has been granted a divorce from her husband on the ground of desertion. She also was given the custody of her child and alimony of \$60 a month. The father is to see the child at stated intervals only. The prince was condemned to pay the costs of the suit.

Teheran.—A proclamation granting a constitution to Persia has been signed and issued by the Shah. Elections will be held in accordance with the new electoral law, and should be completed by July 19th, when the Deputies will assemble at Teheran. The decision of the Shah follows six months of revolutionary agitation upon the part of the Persian people for the restoration of representative government.

Chicago.—In the latest batch of marriage licenses issued here are five couples whose combined ages, as reported, are 601 years. The banner pair was Hugh Hains and Alice Bransett, both of Rossville, Ind., and both 75 years old. George Searle of Northfield, Minn., who is 60 years old, took as his wife Lizzie Beardsley, five years his junior. The other three were Chicago couples, whose ages ranged from 44 to 64 years.

Yokohama.—The third squadron of the Pacific fleet, under the command of Rear-Admiral Giles B. Harber, arrived here from Manila, after a short stop at Kobe. A series of receptions and various other forms of entertainment have been planned on an elaborate scale by the Japanese, who are especially desirous of reciprocating the cordial reception on the Pacific Coast of the Japanese training squadron, commanded by Rear-Admiral Ijichi.

The Mission

Of those corpuscles in your blood that have been called "Little Soldiers," is to fight for you against the disease germs that constantly endanger your health. These corpuscles are made healthy and strong by the use of Hood's Sarsaparilla.

This medicine is a combination of more than 20 different remedial agents in proportions and by a process known only to ourselves and it has for thirty years been constantly proving its worth. No substitute, none "just-as-good."

W.L. DOUGLAS
\$3.00 SHOES \$3.50

The Reason I Make and Sell More Men's \$3.00 & \$3.50 Shoes Than Any Other Manufacturer is because I give the wearer the benefit of the most complete organization of trained experts and skilled shoemakers in the country.

The selection of the leather for each part of the shoe, and every detail of the making in every department, is looked after by the best shoemakers in the shoe industry. If I could show you how carefully W. L. Douglas shoes are made, you would then understand why they hold their shape, fit better, and wear longer than any other make.

My Method of Tanning the Soles makes them More Flexible and Longer Wearing than any others. Shoes for Every Member of the Family, Men, Boys, Women, Misses and Children.

For sale by shoe dealers everywhere.

CAUTION! None genuine without W. L. Douglas name and price stamped on bottom. Fast Color Easels Used Exclusively. Catalog mailed free.

W. L. DOUGLAS, 167 Spark St., Brockton, Mass.

716-722 Howard St., near 8d, San Francisco.
Take Howard Street car at Ferry Depot. Take Third Street car at Third Street Depot. Room with board, \$1.25 to \$2.00 per day; rooms, 50c to \$1.50 per day. Suites with private baths. Central modern; excellent accommodations. Meals, 25c.
400 Rooms & Free Bus

Reminded Him.
Little Boy (meddling with his father's documents)—Papa, this letter from Mr. Muntoburn has a postscript, "B. T. L. What does that—
Absent-Minded Statesman—Give me that letter, son!
(Hastily burns it.)—Chicago Tribune.

"The deeds of great men live after them"—the pleasant effect of a drink of Old Gilt Edge Whiskey is also lasting.

With Their Teeth.
Frugal Landlady—How are you gentlemen getting along at the farther end of the table?
One of Them (gnawing an ancient doughnut)—Working like beavers, ma'am.

Habitual Constipation

May be permanently overcome by proper personal efforts with the assistance of the one truly beneficial laxative remedy, Syrup of Figs & Elixir of Senna which enables one to form regular habits daily so that assistance to nature may be gradually dispensed with when no longer needed, as the best of remedies when required are to assist nature, and not to supplant the natural functions, which must depend ultimately upon proper nourishment, proper efforts, and right living generally. To get its beneficial effects always buy the genuine, MANUFACTURED BY THE CALIFORNIA FIG SYRUP CO. SOLD BY ALL LEADING DRUGGISTS ONE SIZE ONLY—REGULAR PRICE 50¢ PER BOTTLE

Beautiful Glass Garments.
Spinning glass for practical uses was very well known by the ancient Egyptians, and we are now rediscovering it. Spun glass has long been known as a curiosity. A Frenchman in the middle of the last century developed the process along commercial lines, but died without revealing his secrets. These seem, however, to have been recently re-discovered in Germany.

Glass thus drawn out into very thin threads is flexible and it is thought it will be possible to spin and weave it into clothes. These garments would be incombustible, non-conducting and impervious to acids. They can be beautifully tinted by using tinted glass. The insulating properties of the glass wool would render it valuable as packing where it is desirable to keep in or exclude heat. In this case we should be resorting to the mineral kingdom for our clothes, though as yet we have not these asbestos garments which could be washed by throwing them on the fire.

LOTS ON THE SEASHORE
Choice lots to be had at Half Moon Bay. Prices range from \$250 to \$1000. Terms: 20 per cent cash, balance \$10 per month. For particulars address Half Moon Bay Realty Company, Humboldt Bank Building, San Francisco, Cal. I. J. Truman, President.

Overripe cream means strong butter; overchurned and overworked cream means soft butter.

Drink **IRONPORT**. Refreshing.

By actual chemical analysis, a quart of milk is said to possess as much nutritive value as a pound of beef-steak.

PAYOT, STRATFORD & KERR
Wholesale and Retail Stationers, Printers and Bookbinders. Mann's Loose Leaf Leaders, Loose Leaf Specialists. 62 Fremont St., near Market, San Francisco.

The best butter is made from the best cream; the best cream comes from the best milk.

HERE IS RELIEF FOR WOMEN.
If you have pains in the back, urinary, bladder or kidney trouble, and want a certain pleasant cure for women's ills, try Mother Gray's AUGUSTA-LIN-LEAF. It is a safe and never-failing remedy. At drugists or by mail 50 cents. Sample package FREE. Address the Mother Gray Co., Le Roy, N. Y.

Do not allow water to stand about the grape vines.

Good for Sore Eyes.
For over 100 years PETTIT'S EYE SALVE has positively cured eye diseases everywhere. All druggists or Howard Bros., Buffalo, N. Y.

The Iowa State dairy law forbids selling milk from cows within two weeks of calving and five days after.

Those who keep Hamlin's Wizard Oil in the house do not have to buy any other remedy for sore throat. No other remedy will cure this trouble so quickly or so surely. Remember this.

Wood ashes will help to make the strawberries more firm, because they furnish potash.

IRONPORT at Soda Fountains. Satisfies thirst's desire. Good for girls, also for boys. Men like it; women crave it; children cry for it.

Plenty of glass in stables is cheaper and better than condition powders.

PENN DRUG CO., Inc., Cut-Rate Druggists, 130-132 Third St., San Francisco. Phone Kearny 381. Trusses, Rubber Goods, Crutches, Suspensories, Athletic Supporters, Electric Belts and Batteries, Surgical Goods, Shoulder Braces, Elastic Stockings, etc. Country orders a specialty. Doctor and Surgeon. Free! No charge for consultation, only pay for medicine prescribed. Examination free. Eyes examined free. Treatment by electricity and X-Ray. Sprays for Catarrh of Throat and Nose.

No matter if it is to be sold for cream or butter, milk should be cooled as soon as it is drawn from the cows.

Freckles Can Be Removed and a Clear Complexion Acquired.
Bee's Kutz Freckle Salve positively removes freckles, tan and sunburn. Keeps the skin smooth and white. Manufactured by Bee Drug Co., 722 Market St., San Francisco. At all druggists or by mail on receipt of price, 50c per jar.

No other branch of livestock-keeping can compare with the dairy business for enriching the farm.

FITS St. Vitus' Dance and Nervous Diseases permanently cured by Dr. Kline's Great Nerve Restorer. Send for FREE \$2.00 trial bottle and treatise. DR. R. H. KLINE, L.D., 931 Arch St., Philadelphia, Pa.

To make \$10 clear from a cow every year, you must get at least \$45 out of her.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

There is as much in the intelligence of the man handling the cows, as there is in the breed of dairy stock, to secure success.

TEN ACRES OF IRRIGATED LAND
in Glenn County, planted in Alfalfa, growing a crop that will pay half its cost every year, is an investment worthy of your consideration. Write the Alfalfa Land Company, 401 Monarch Building, San Francisco, for a 28-page photographic booklet giving full particulars, and containing much useful information. Write for it today.

A cheap grade of roofing paper makes a good lining for the cow stable. Put it on the inside and hold in place by laths or thin boards.

If your friends thirst, give them **IRONPORT**. For sale at all Soda Fountains.

"HELLO!" HALF-WAY AROUND THE WORLD

France to Talk to America Over Wireless Phone.

"HELLO, Paris! this is New York." To start a conversation like this across the universe seems like an achievement beyond the dream of a Jules Verne or the imaginative picture of a Bellamy Store; yet in the busiest city of the world, New York, such an experiment will take place shortly, with every assurance of success.

On this occasion, when science announces its triumph to the world, society of the nations will offer its congratulations in a unique and unrivaled manner, and will feature on its social calendar a luncheon at which Frederick Townsend Martin will preside, that for interest and charm will make all past society events seem commonplace, when the first wireless luncheon will take place in the salon of the Hotel Plaza.

While this luncheon is being served a voice will speak uniting two of the greatest nations of history. It will be the voice of America's most prominent society man reading a message of President Taft to President Fallieres of France. It will be transmitted to Mrs. Nora Blatch De Forest in the Metropolitan tower, the talented pioneer of her sex in this field and foremost woman civil engineer in the world, who will receive this message from the Plaza and send it over a radio wireless telephone at the rate of 186,000 miles a second, to a fair daughter of France in the Eiffel tower.

The salon will be decorated to resemble a forest. Trees will be in full bloom and birds singing from their branches. Presiding at this table will be Mr. Frederick Townsend Martin, who will be the guest of the American Wireless Association, of which Dr. De Forest is president. The guests will be leading society people and scientific men of note. Mons. Etienne Lanel, Consul-General of France, representing the French Government, and one of the guests of honor, has said that if wireless telephony is brought to a state of perfection that it will become a political and diplomatic time-saver.

The table will represent the Atlantic Ocean. At one end will be the Metropolitan tower, architecturally raised in candy; at the other end will be the Eiffel tower. On this miniature ocean will be small ships of various nations. The shore landings of both France and America will be appropriately represented.

The menus will be small telephone directories, and the dishes will be listed as telephone numbers. The place cards will be wireless messages sent from the Ritz-Carlton in France to the guests assembled at the Plaza in America. These messages will be received through radio wireless tables, permitting the guests at both tables to converse with each other, although separated by half a world.

The waiters will be summoned by wireless telephone, and at the end of the luncheon will be called by this means. The favors will be small radio sparkless wireless telephone outfits of very light weight, and will be utilized by the guests in the ceremonies attending the luncheon and carried away to commemorate the latest gigantic feat of modern science.

It will take just one-fortieth of a second for the message to travel across the Atlantic and about one-seventh of a second to go around the world. Following this, mutual toasts will be given by the guests of this wireless luncheon, who will be separated by an ocean, yet able to converse as if face to face.

The value of this marvelous scientific and mechanical feat can hardly be estimated, and will stand among the first half a dozen scientific wonders of all time. Its effect upon the transmission of commercial business will be revolutionary, and will mean that we can communicate with Europe at the cost now prevailing for a domestic telegram.

The greatest station in the Metropolitan tower is being rushed to a stage of completion. This will be absolutely the finest wireless station in the world. Its cost is not comparable to that of other equipments, as the station comprises all sorts of experimenting apparatus. It is thought that \$300,000 would not cover the outlay if a structure as high as the Metropolitan tower had to be erected especially for the work. As long as the tower has already been constructed, the cost, outside of the apparatus, will be negligible.

The workings of the radio wireless phone are wonderfully simple,

when the complex problems involved and overcome in its creation are considered.

In telephoning, the operator talks into the mouth-piece exactly as with the wire telephone and listens for a reply through a head phone instead of a receiver. In order to get into communication with a wireless telephone station, it becomes necessary to get the instrument to the known tune of the other station and then press the buzzer key, which calls the person to the phone at the other end. The conversation is then carried on as if the two operators were face to face.

The mechanical principles upon which the radio wireless telephone depends are simple enough, although there is a great difference of opinion upon the actual explanation of the phenomenon of wireless telephony. Speech is the forming of very rapid and ever-varying series of vibrations in the air, and their measurement by the nerves of the ear. Owing to the resistance of the atmosphere, these vibrations grow weaker and at last disappear as we get farther from the source of disturbance. Telephony is the art of translating these vibrations into vibrations of ether, whose lesser resistance enables them to be carried to great distances for the translation into air vibrations again, as only the air vibrations can be measured by the ear. In the wireless telephone the air waves are translated into vibrations of an electrical discharge, which oscillates the ether.

The other waves, sent out by the transmitting station, having been there modified by the human voice, are changed back at the receiving station into such a form as to effect the receiver and cause the exact air vibrations which were made to modulate the transmitting current, and therefore, the words of the speaker are heard exactly as spoken.

Dr. De Forest bases his claims for success on his past experiments with the wireless telephone at the suggestion of Admiral Evans, who conducted the experiments on board his flagship, the Connecticut, and another vessel. Every battleship, cruiser and torpedo boat of the great Pacific fleet was equipped with radio wireless telephones before setting out on the memorable cruise. These instruments were given a thorough trial in inter-ship communication and in conversation with several wireless stations on the Pacific Coast.

In the meantime, the young inventor has not been content to rest on the laurels obtained from his successful work in the Navy, and has carried on many experiments, both at home and abroad. In May, 1908, from the Eiffel tower, wireless messages were sent by the radio telephone to every wireless station in France. A warship off Marseilles, nearly 600 miles away, heard the transmitted messages just as distinctly as did the stations near Paris. While doing this, Dr. De Forest had equipped several of the vessels of the Italian Navy and the instruments met with such decided success that an arrangement has been practically concluded for the equipment of the entire navy.

Mrs. De Forest is quite as interesting as her inventor-husband. She graduated from Cornell University in the difficult science of civil engineering. She was the first and only woman to graduate from an Eastern college in this profession. After her graduation honors were heaped upon her until she stood before the world as its foremost woman hydraulic engineer, and a most remarkable example of woman's intellectual equality with man.

She was the first woman ever elected to membership in the American Society of Civil Engineers. She helped to build the greatest water works system in the world's history, being on the engineering staff charged with the building of the \$161,000,000 Catskill system. In June, 1907, she was elected Fellow of Cornell University, an honor rarely conferred upon women. While at Cornell she proved herself to be the peer of any of the male athletes. She is a leader of the equal rights movement and various movements designed to improve the social condition of all women. And now she further distinguishes herself by being the first woman to engage in wireless telephony.

One Dollar by mail, prepaid, for a **Palmer Improved Fountain Pen**, barrel of best Para rubber; pen 14 karat gold with iridium point, guaranteed to give satisfaction. Le Count, Clark & Ormond, stationers and printers, 220 Market St., San Francisco.

There Are Exceptions.
Some necessary things, you'll note, Can never be done by rule. You can't learn how to milk a goat At a correspondence school.

Her Objection.
"I wish my dentist wasn't so realistic," said Mrs. Jenner Lee Oudego. "He calls his dental parlor his drawing room."

When the parlor gas is turned low, it's a safe bet the right young man is in it.

CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, imitations and "Just-as-good" are but Experiments, and endanger the health of Children—Experience against Experiment.

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought

Bears the Signature of
Chas. H. Fletcher.
In Use For Over 30 Years.

THE CENTAUR COMPANY, 27 MURRAY STREET, NEW YORK CITY.

Nothing Definite.
The detective was trying to get a clew. "When your husband left you," he said, "did he drop any intimation as to where he might be going?"
"No, sir," answered the sharp chinned, thin lipped woman. "All he said was that he wanted to get away, that he was going to get away, and he didn't care a darn where he went."—Chicago Tribune.

His Burst of Generosity.
"Your boy's injury is not as severe as I had anticipated," the surgeon assured him. "I shall not have to amputate his leg."
"I am glad to hear you say so," said Mr. Tyte-Phist, with emotion. "Still, if it had been necessary, in order to save his life, I—I was willing to bear the expense of it!"

A WESTERN ELECTRIC RURAL TELEPHONE

Is Your Most Valuable Servant

It will bring you and your family into closer touch with your neighbors, the general store, the broker, the post office, the

family doctor and the entire outside world. It does away with the isolation of farm life and "keeps the boy on the farm."

The "Bell" Phone is the Best
If you will cut out this advertisement, write your name and address on the margin and mail it at once to our nearest house, we will send you a copy of our Free Bulletin No. 111 on

HOW TO BUILD RURAL TELEPHONE LINES
which explains how you and your neighbors can, by cutting your own poles, lay all the rest of the material required for building an absolutely standard system at an expense of about 20 bushels of wheat each. You cannot afford to do without a rural telephone.

The Great Alaska Yukon Pacific Exposition

A PORTION OF THE CASCADE COURT.

The Palace of Oriental Exhibits forms one of the twelve mammoth display buildings first completed by the Alaska-Yukon-Pacific Exposition. Its lines are in pleasing contrast to the Agricultural and Manufacturers buildings, with which they are grouped, and their position overlooks the beautiful formal gardens and water display of the Cascades and Geyser Basin.

The exhibit placed within the walls of the Oriental building constitutes one of the most gorgeous displays of Far Eastern art and manufactured articles ever shipped from the Orient, and is bewildering in beauty and extent. Not a country of Asia is without representation, and treasures of old and modern art, never before permitted to leave the lands in which they were created, will be seen for the first time in the land of the Occident. The matter of arrangement of the Oriental exhibit has been placed in the hands of the most competent and artistic men at command and its display will be worthy of the magnificent collection.

About the Oriental building are gathered the great buildings housing the United States exhibit and the Alaska, Hawaiian and Philippine displays. One of the largest bandstands in the world will be heard daily.

SUMMONS.

In the Superior Court of the State of California, in and for the County of Santa Clara.

Myrtle Smith, Plaintiff, vs. W. P. Smith, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of Santa Clara, and the Complaint filed in the office of the Clerk of said County of Santa Clara.

The People of the State of California send greeting to W. P. Smith, Defendant.

You are hereby directed to appear and answer the Complaint in an action, entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Santa Clara, within ten days after service on you of this summons, if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will take judgment for any amount or damages demanded in the Complaint as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Santa Clara, this 23rd day of March, A. D. 1909.

(Seal) HENRY A. PFISTER, Clerk.

By J. C. Kennedy, Deputy Clerk.

John P. Fitzgerald, Attorney for Plaintiff.

Notice of Annual Meeting of Stockholders

Notice is hereby given that the Annual Meeting of the stockholders of the Campbell Fruit Growers' Union, a corporation, will be held at its place of business in Campbell, California, Wednesday, May 12, 1909 at 10 o'clock a. m., for the following purposes:

First: To receive the report of the officers.

Second: To elect a Board of Directors.

Third: To make such changes or amendments to the By-Laws as may be deemed wise.

Fourth: To transact any and all other business that may properly come before that meeting.

S. R. Wade, President.

S. G. Rodeck, Secretary.

INTERNATIONAL NEWSPAPER

BIBLE STUDY CLUB.

Answer One Written Question Each Week For Fifty-Two Weeks and Win a Prize.

THE PRIZES.

First Series—A gold medal to each of the first five contestants.

Second Series—A silver medal to each of the next five contestants.

Third Series—A Teacher's Bible, price \$5.50, to each of the next five contestants.

Fourth Series—The book "The Heart of Christianity," price \$1.50, to each of the next thirty-five contestants.

Fifth Series—A developed mind, an expanded imagination, a richer experience and a more profound knowledge of the Bible and of life, to all who take this course whether winning any other prize or not.

Each medal will be suitably engraved, giving the name of the winner, and for what it is awarded, and in like manner each Bible and book will be inscribed.

All who can write, and have ideas, are urged to take up these studies regardless of the degree of their education, as the papers are not valued from an educational or literary standpoint, but from the point of view of the cogency of their reasoned ideas.

May 16, 1909.

(Copyright, 1909, by Rev. T. S. Linscott, D.D.)

Paul's First Missionary Journey.—Iconium and Lystra. Acts xiv:1-28.

Golden Text—All the gods of the nations are idols; but the Lord made the heavens. Psalm 96:5.

Verses 1-2—Point out on the map in your Bible where Iconium is situated.

Can two missionaries working together do more good than they could working separately?

Has the story of Jesus lost or gained, in its charm upon the multitude, since that day?

Was the unbelief of these Jews a matter of the intellect, through lack of evidence, or was it a matter of the heart; that is, a result of their rebellion against God?

Verses 3-7—How do you account for the fact, that the same evidence, and spiritual demonstration, which made one part of the multitude turn to God with gladness of heart, made the other part angry in heart, and murderous in their actions? (This question is to be answered in writing by members of the club.)

Would you judge from this story, that all the good people were on the side of the apostles, and all the bad and dishonest people on the other side?

Will a wise and brave man sometimes run away from such danger as threatened the apostles, or will he always stay and face it?

The apostles fled to Lystra and Derby; where are these places situated?

Verse 8—Is there ever any blame to be attached to those who are born with either physical or moral defects?

Are parents ever to be blamed for either physical or moral defects in their children?

Are pre-natal influences as powerful in shaping a child's destiny as post-natal?

In our present national condition, should the state provide for and maintain all those who are born in an impotent condition?

Verses 9-10—Is faith, like this man had, possible for all, or is it a gift of God, the same as the resultant grace and healing?

Was this a miracle, and whether or not, does God intend to run this world by law or by miracle?

Verses 11-13—What was the idea that these people had of the Deity?

How would it be likely that Barnabas resembled Jupiter, and Paul Mercury to these people?

Is it a trait in human nature to believe in some popular superstition, rather than in the plain truth of God?

Verses 14-15—If a man of God is regarded in some superstitious way, is it his duty to administer a rebuke?

Have the best of men got the same natural passions as the worst of men?

What comfort is there to us in the fact, that God made "the heavens and the earth?"

Verses 16-18—Does God pay the same attention to the crops of the

sinner, as he does to the crops of a saint?

Verses 19-20—Was it the same people that stoned Paul, who before this wanted to do sacrifice to him?

Can there be any reliance placed upon the applause of the multitude?

Verses 21-23—What kind of a man is he who laid out for dead through stoning, starts on his way the next day preaching his story of mercy and love?

Lesson for Sunday, May 23rd, 1909.

—The Council at Jerusalem. Acts xv:

Old age is a matter of years.

Oldsight is a question of glasses.

The Orchard City

(Tune, Auld Lang Syan)

The Orchard City we stand by,
No other we decry;

That all her future may be bright
We sing a song to-night.

Chorus

Then here's to Campbell Town,
We drink to her renown;

That she may have a better day,
We sing and ever pray.

Good schools, good streets, good water
clear,
Good lights her homes to cheer;
Whatever makes a city right
We sing for that to-night.

(Chorus)

And here's a tear for those who sleep,
Who's love for her was deep;

And here's a hope the coming throng
May right her every wrong.

(Chorus)

Then pull my boys and pull with care,
With brawny muscles bare,
Do we but pull for her one way,
She can but win the day.

(Chorus)

Almo J. Farley.

Practical Horse Shoer

37 years experience at Horse shoeing

Special attention given to all lame, interfering, forging and stumbling horses, corns in the feet, etc.

Look well to your horses' feet—no foot, no horse. All work guaranteed by me or your money back.

Shop opposite the Methodist Church. CAMPBELL CALIFORNIA

YOU CAN ENJOY

A good meal—good things to eat after you have lost teeth replaced. Delaying loses more teeth and is more expensive when you are ready for the attention they should have now.

If you have only a few real teeth left, then it is all the more reason that you should act at once.

One reason you should try our services—new patients are glad to send others.
